Completion and handover certificates - March 2026

A1.1 — Drilling and chlorination of two boreholes, March 2026
The contractor drilled, developed and test-pumped two boreholes with hand pumps and the water q
uality officer chlorinated and tested them before handover to the communities; about 2,400 peop
le now use them.
Signed by the project engineer, the committee chair and the LGA water board representative.
Items checked against the bill of quantities; pump test and chlorination recorded.
